

REACH Statement of Compliance

Dear Customer,

REGULATION (EC) No 1907/2006 CONCERNING THE REGISTRATION, EVALUATION, AUTHORISATION AND RESTRICTION OF CHEMICALS (REACH)

Thank you for your recent enquiry. This document outlines Cambion Electronics Limited responsibilities and management of the REACH legislation requirements.

We are a manufacturer of Electronic and Inductive components, and do not produce or supply substances or preparations (we are a Downstream User). There are, additionally, no intentional emissions of substances from any of the products currently available for supply that require registration under REACH.

REACH (Regulation on Registration, Evaluation, Authorization and Restriction of Chemicals) refers to European Union Regulation No 1907/2006. The aim of REACH is to ensure a high level of protection of human health and the environment from the risks that can be posed by chemicals. All Cambion Electronics Limited products comply with the REACH regulations **with the exception of those items containing cadmium plated components. Pb (lead) & its compounds has been added to the list on 27th June 2018. A statement advising of the presence of Pb in our products that utilise 'free machining' brass alloys or Pb based solder coatings will accompany this REACH declaration.**

While the vast majority of Cambion Electronics Custom Products are also RoHS and REACH compliant, please note that certain specifications as requested by our customers may not be compliant and we can advise customers on RoHS or REACH compliance issues if there is any uncertainty.

This document certifies that all Cambion Electronics Limited products or packaging (except those mentioned in the preceding paragraph in bold) complies with the regulations. Substances of Very High Concern (SVHC) as defined in Article 33 (1) & (2) "Substances of Very High Concern" EC Title VII, Chapter 1 Article 57, or any of the additional substances from Annex XVII or the Revised Candidate lists of;

13th January 2010	19th December 2012	20th June 2016	16th January 2020	14 th June 2023
30th March 2010	19th June 2013	12th January 2017	25th June 2020	23 rd January 2024
18th June 2010	16th December 2013	07th July 2017	19th January 2021	27 th June 2024
15th December 2010	16th June 2014	15th January 2018	08th July 2021	07 th November 2024
20th June 2011	18th December 2014	27th June 2018	17th January 2022	21 st January 2025
20th December 2011	15th June 2015	15th January 2019	10th June 2022	25 th June 2025
18th June 2012	17th December 2015	16th July 2019	17th January 2023	05 th November 2025
04 February 2026				

The Candidate List of Substances of Very High Concern (SVHC's) for authorization is available from the internet site link:

Additionally, after careful review of the legislation and specifically the definition of an "article" as defined in EC Regulation 1907/2006, Title II, Chapter 1, Article 7.1(a) & (b), it is Cambion Electronics Limited view that the products we sell would be considered as "articles". However, in light of the definition in 7.1(b) which requires registration of an article only if it contains a regulated substance that "is intended to be released under normal or reasonably foreseeable conditions of use," our analysis is that our products constitute non-registerable articles for their intended and anticipated use.
